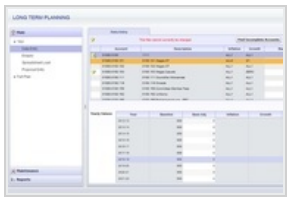
LONG TERM FINANCIAL PLAN



Project Description:

The LTFP module has designed with the purpose to assist council with their requirements for the Long Term Council Community Plan (LTCCP) or Long Term Council Plan (LTCP). The main goal of the solutions is to provide an interface to BIS users to create long term plans using their existing BIS structure. Provide an option to manage yearly values for inflation and growth and eventually get those figures loaded in the budgeting values. The final solution of the budget provides results along with main areas such as: Main, Maintenance and Reports. This System can help to simplify the way to create LTFP from existing BIS Structure. System allows users to create various types of reports which give users an idea about budgeting.
